Cattle Producers and Friends

Welcome to the 17th ANNUAL Going to Grass Sale. Where does time go? It has taken me a while to put this letter together this year – as if anyone reads it anyway. LOL! In January and early February, we had some of the worst winter weather we've had in a couple of decades. The last half of February has been very nice – a record breaking warm one at that. Oh, the 'joys' of the highs and the lows....literally!

People that aren't in agricultural production are sure missing out on life's challenges for sure! On the bright side - the current climate in the beef industry couldn't be more encouraging....and that seems to be the forecast for the next 2 – 4 years. We are at the same level of cow numbers as we were in 1958 – yes, that is 1958. The end customer must realize that we are trying to feed more people red meat with this comparatively low cow inventory....so prices are going to be higher!

As I said in my letter last year – you should go back and re-read that since you are in that mode – I encourage producers to put more performance and heterosis in your programs for better returns. Straight breeding from a commercial standpoint is going backwards for rail weight...weaning weights especially.

Finally, Carla and I want to thank all of our past, present and future customers from the bottom of our hearts. We know how blessed we are by you and your support and confidence in our program. That said, every year on the sale block, I try my best to give our son thanks and credit for all he has done for the Circle S program and can never get the words out. Our program, operation and direction would not be what it is today without him and his passion, hard work and dedication. So, this year, I'll take this opportunity to do what should be done and get it in black and white. . .THANK YOU SON... We love you!

Hope to see you all – either online or at the sale in person on April 6. In the meantime, please reach out if you have any questions or need more information on any of the offering here.

Sincerely, John Shearer

Guarantee

First Season Breeding Guarantee: Bulls that are purchased for \$4000 or more that are injured within the first 30 days of the first breeding season will be guaranteed with a sale credit equivalent to the purchase price minus salvage value. The sale credit will be valid at the 2025 Going to Grass Sale. Contact Circle S promptly (within 5 days of the injury) so the mutual decision regarding the disposal (or return) of the bull may be made.

Herd Health

All cattle have been vaccinated and have been poured with Dectomax. Bulls have passed a breeding soundness exam. Necessary health papers will be available for each sale animal. All vaccinations and animal health products used by Circle S are Zoetis Animal Health Products.

Feeding Arrangements

We will keep your purchase free of charge until April 15, 2024 or take \$50 off each lot purchased if you haul it yourself sale day. After April 15, there will be a \$5/head per day feed/care charge.

Circle S Ranch Sight Unseen Warranty

If you cannot attend the sale and wish to purchase a bull or female please contact us. On sale day, we will assign a third party to call you and review the animal(s) before the sale. We will have someone on the phone to bid for you, or you may ask one of the Livestock Representatives to bid for you. Your bid will remain confidential and will be handled professionally. When we deliver the bull or heifer to you, if it is not what you think we described, we will refund 100% of your purchase price. The catalog and the online videos will assist you in making your purchasing decisions.

A great way to start the offering with this STUD! A true beef bull that moves so good for carrying the amount of mass and power he has to offer! He was our futurity bull in OKC and had a lot of compliments throughout the week! Having a 94% purebred with this much mass yet still very attractive and moves this good is hard to do! His dam is extremely impressive, she's our best red purebred cow on the phenotype side of things! Purebred guys look this stud up! Top 5% FT, 10% CW, 15% REA and TM, 20% HP and MK, 25% YG and WW.

Using Circle S genetics has definitely helped me reach closer to my goal of raising bulls with above normal power and performance! And females with great udders that perform well on marginal quality feeds that I've been forced to feed in the last few years of overwhelming drought.

Smooth-made bull with a lot of depth of body and power! Big-boned that will get out an cover cows and make some really good feeder steers!

Our cow herd is based around building replacement females that don't require being pushed on feed and still be easy fleshing, breed early in the breeding season and lay down and calve every year and stay productive through 10 to 12 years of age. We have been using Circle S Gelbvieh bulls for a few years and we are very impressed and seeing easy fleshing and early breeding replacements.

Another homo black and homo polled BWF bull that is really complete! Very nice, smooth-made bull that is really complete! Don't discount him for his age! He still has a ton of future and growth for years to come! Put him on your Angus based cows, and sit back and watch him make you money!

lot 65

Gelford™

Combining a Continental breed full of milk & muscle with a British breed that exemplifies doability, mothering and longevity.
Result: the "Free lunch" of heterosis.

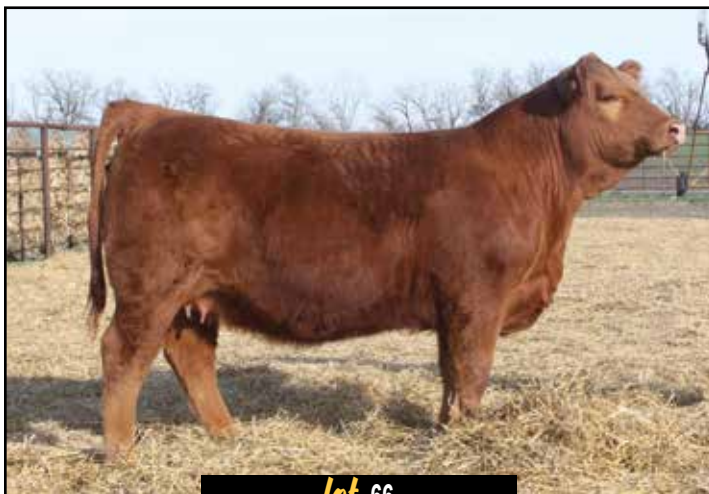

ATTENTION JUNIORS: Purchase your 2024 show heifer at the 17th Annual Going to Grass Production Sale and receive a \$100 sale credit. Circle S will also award additional sale credits for the 2025 Going to Grass Production Sale if your purchased heifer is exhibited and awarded grand, reserve or division champion at the 2024 AGJA Way Out West Classic, June 30-July 5, 2024 in Woodward, OK.

Additional sale credits will be awarded to any junior that exhibits and is awarded grand champion at any of the AGA recognized Ring of Gold Point Shows in 2024. (Junior is required to forward photos and results of their efforts to circle_s@hometelco.net within 45 days of any qualifying event.)

Take a look at these halter broke show heifer prospects. A few of them have already been shown at the 2024 Cattlemen's Classic. Any one of these outstanding heifers could have a very successful show career before she ends up in your donor pen.

A very attractive female that has a very bright future in the show ring! Long made very attractive from the side and moves great on the move! This one will be a lot of fun at Jr. Nationals as well as for the fall show season! Her granddam is a full sister to Over Drive! World of future in this March female.

lot 70

Replacement heifers - this is what we are so passionate about! You will have to travel the country to find a set of females as complete as this. Whether you are adding to a commercial or purebred, seedstock herd, you should take note of this offering! Show heifer prospects, donor cow prospects, and flat good momma cow potential in every single pen!

Here's a set of Corvette daughters that are flat impressive! Very powerfully constructed yet still have a good look! Big boned females that will work in any program and leave their mark! Look these girls up! Very uniform, impressive set!

A set of females that are flat good! The 644's dam we've shown a lot over the country, and she's flat got it done! 7837 had one of our pen bulls last years as well! Lots of maternal driven pedigree's that will flat work! All these females are powerful, big boned and very good in all aspects. Look these girls up!

Some powerhouse females that will get out and raise some big time feeder steers or bulls! The 8168 could very easily be a donor in any program.

All of these females are out of the same donor on a multi-sire flush, and they are all flat good! Big time momma cows! Pick your favorites, and they will flat work for you! Their donor dam is about as picture perfect and sound as you can make one at 12 years old! Donor quality in each of these females.

Very uniform set of females that are moderate-made, easy-doing, and attractively made. Pair of heifers that go back to the 628 cow that definitely made her mark in the program.

This is a very fancy set of females that are extremely attractive and well put together! Very high end set of females that'll have an exciting future as mamma cows!

Moderate-framed, very attractive set of females! The udders on all these females dams are very nice! These girls are a very complete, nice set.

Set of high-performing, long-made females! Lots of stretch and go in these girls! Should be a very good producing group of females.

If you want them really clean-made, big-boned and high-performing, these are your girls! If you want to raise big feeder calves, look these girls up.

A very complete set with nice growth! The A heifer's 33 cow family is one of our foundation cow families around here! Really complete set that will last a long time in any herd.

GELBVIEH AND HEREFORD
 are two breeds complete each other as well as any two breeds out there in our opinion. The old "black baldy" was always thought of as the Angus X Hereford cross (two British breeds) and we wanted to reap the advantage of the Continental breed, crossing Hereford with Gelbvieh.

**GELBVIEH X HEREFORD =
 CONSISTENT PROGENY!**

Circle S Ranch
Clydesdales

Find us on Facebook!

www.facebook.com/circlesgelbvieh

Younger set of really nice heifers! The B and D heifers could have been show heifers, and done well in the different age divisions! A lot of growth in the younger gals with a bright future! Very complete set of four females.

Today, the Gelford™ breed continues to show growth through carcass data, pink-eye resistance and calving ease data that is being gathered.

THE GELBIEH-HEREFORD CROSS ADVANTAGE

A nice, complete set of females all out of 11-year old-cows that are all still working on the ranch! Animals with longevity make you money, and that is exactly what these girls will do!

Here's a set of very clean-made females that are as long as a train! Tons of stretch and go in these females that will raise some really big, nice feeder cattle.

This Sale will be broadcast live on the internet.

DVAuction

We are pleased to offer the 17th Annual Going to Grass Production Sale broadcast "live" over the Internet through DVAuction Services.

First Time Users:

- ✓ Visit the DVAuction website at www.dvauction.com
- ✓ Click on the Register Tab
- ✓ Complete Registration and Applying to Bid at the 17th Annual Circle S Ranch Going to Grass Production Sale

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

Note: You must have high speed internet access (DSL, T-1, or Broadband) to be able to bid during the sale.

Any Questions:

Contact Lori Brown 785-770-7469.

We recommend that you register by **March 31** for online bidding. Every attempt will be made to complete your application even if its on sale day.

A greener set of heifers out of a couple of 14-year-old cows! If you want longevity in your cow herd these are your girls!

Where to begin on these high % Gelfords! Two baldies and a solid red! Big time cow power, long-made, easy-to-look at, with tons of power! Buy these girls, and have your neighbors jealous for years to come!

Wow! This is another set your neighbors will be drooling over! Tons of mass and true cow power in these girls! Look them up!

Really impressive set of BWF girls! Easy-doing, big time power in these girls, all backed by great uddered females.

Deep set of dark red females! Moderate-made with plenty of power and depth of body! Really nice set of females.

Loads of quality in this pen. The 122Y female did a great job her first year with this heifer! Tons of power and go in these girls.

Moderate framed easy doing set of females that are deep made, big boned that should last a lot of years.

Younger, more moderate set of long heifers that are clean-made, powerful and easy to look at! Dams all have really nice udders.

Kyle and Perry Klassen have again consigned their Circle S bred first-calf heifers with Gelbvieh or Red Angus sired calves at side. These females were quite popular last year...good ones to choose from and the 'hard' work is already done.

AGA Sale Terms & Conditions

TERMS: Terms of sale are cash unless satisfactory credit arrangements have been made with the seller previous to the sale of any animal so affected.

BIDDING: All animals sell to the highest bidder. Any disputes or challenges regarding bids shall be settled by the auctioneer and his decision shall be final. Mailed or telephoned bids may be forwarded to the auctioneer and will be handled with strictest confidence. Prior arrangements for telephone bids at sale time must be made with the auctioneer.

There are no warranties, expressed or implied, by either the auctioneer or seller, except as set forth herein, as to the merchantability or fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before hammer falls, is reserved for the seller.

ACCURACY OF PEDIGREE: The pedigree shown for each animal cataloged, offered and sold as a registered animal has been obtained from either the owner, breeder or the records at the American Gelbvieh Association.

Neither the auctioneer nor the seller warrants the accuracy of the information shown on the pedigree and shall not be responsible to the purchaser or his assigns for any damages in the event the information shown on the pedigree is later determined to be incorrect for any reason, including but not limited to, errors discovered through blood-type disease.

INSURANCE OF PURCHASES AND RISK: All animals are at the owner's risk and become the property of the purchaser when declared sold by the auctioneer. Arrangements have been made to have insurance available when making settlement.

ACCIDENTS: All precautions possible will be taken to protect the safety of buyers and others attending the sale. Nevertheless, no responsibility will be assumed by the auctioneer or the host farm in the event of accidents or loss or damage of property.

HEALTH TESTS: All animals have been tested and found negative for brucellosis and tuberculosis. The sale veterinarian will assist buyers on health status for specific states and testing for anaplasmosis and blue tongue if this is required for export to Canada.

BREEDING GUARANTEES AND DEFINITIONS

FEMALES: Females are guaranteed to be breeders with the exception of female calves sold at side of dam, injury or disease occurring to the animal after time of sale, gross negligence or willful misconduct on the part of the purchaser, females used in ovum transplant after time of sale, females shown competitively after time of sale and cows sold with calf at side.

Cow represented as being "safe-in-calf" will have been examined and declared safe by a licensed veterinarian within two weeks of sale and will be accompanied by a veterinarian certificate to this effect. They are considered breeders without further guarantee. Females with a "due to calve" date in the remarks column are considered safe-in-calf. A bred female is a female known to have served by a bull either by natural breeding or artificial insemination, but it does not necessarily mean that this female is safe in calf to that bull. An open heifer is a virgin heifer that has never been exposed to a bull either through natural service or artificial insemination. An open cow is a cow that has not been exposed to a bull either through natural service or artificial insemination since the birth of her last calf. Calves sold off their dams (split pairs) shall carry the full breeding guarantee.

MALES: Bulls are guaranteed to be breeders (defined as the ability to settle healthy cows by the time they are 18 months of age) with the exception of bull calves sold at the side of dam, injury or disease occurring to the animal after time of sale and gross negligence or willful misconduct on the part of purchaser. Any guarantees with respect to the ability to freeze semen shall be made by separate agreement between buyer and seller.

ADJUSTMENTS: The following adjustments do not preclude the right of the buyer and seller to mutually agree upon other terms and conditions for settlement of any dispute.

All claims for adjustment or refund must be made in writing either within six (6) months from the date of the sale or no longer than six (6) months

after the animal reaches eighteen (18) months of age, whichever occurs first, with the exception of claims involving misrepresentation or service sire or as otherwise provided herein. If a female is sold as "safe-in-calf" to a given sire or sires on a specified date or dates and proves not to be as represented, the buyer is entitled to a refund of the purchase price from the seller up return of the animal to the farm of the seller at the seller's expense. In the event an animal is claimed to be a non breeder, the animal may be returned to the farm of the seller, at the buyer's expense, if in good physical condition and the return is in compliance with the health requirements of the state where purchased. The seller shall be entitled to a six (6) month trial period in which to prove the animal is a breeder, following the return of the animal. If, at the end of six (6) months, the seller is unable to prove the animal a breeder, the seller shall, at his option, replace the animal with another of equal value or refund the purchase price. Either option shall be at the purchaser's risk. No guarantee is given concerning a pregnant females gestation period of foreign bodies after the animal has been sold, nor for sickness not apparent at sale time.

If a female is sold as "open" and proves to be with calf at time of sale, and examined pregnant with sixty (60) days after sale, the buyer may return the animal to the farm of the seller prior to calving, for a full refund of the full purchase price for another mutually acceptable adjustment. It shall be the obligation of the seller to bear any expense incurred for transportation of the animal in question to the farm of the seller.

Any adjustment provided herein, if selected, shall absolve the seller from further liability.

HORNED - POLLED - SCURRED - DEFINITIONS AND GUARANTEES

HORNED: An animal with a horn growth affixed to the skull that has or has not been removed.

POLLED/SCURRED: An animal with rudimentary horn growth that will not develop into a horn. The rudimentary horn growth may or may not become affixed to the skull at an older age.

POLLED: An animal with absence of horn growth (An animal can have scurs and develop scurs polled).

SMOOTH -POLLED: A smooth-polled individual has no scurs and does not develop scurs later in life.

AGA REGISTRATION AND TRANSFERS: Each animal with is cataloged, offered and sold as a registered animal has a certificate of registry available at time of sale. When animal is sold as "eligible for registry" or "registry applied for," the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser including full payment of transfer fees.

PURCHASER'S RISK: Each animal becomes the property of, and thereof is also the risk of, the purchaser as soon as it is sold, except it shall be the obligation of the seller to see that the animals are fed and cared for free of charge to the buyer until loaded for shipment or until expiration of forty-eight (48) hours after the sale, whichever occurs first.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the auction block, such announcements shall take precedence over information contained herein. The sale will be tape recorded for future reference.

RIGHTS AND OBLIGATIONS: The above terms and conditions of sale constitute a contract between the buyer and seller of each animal and shall be equally binding transaction and the rights and obligations of the parties connected there to are not covered by the above terms and conditions of this sale. Neither the host farm, auctioneers nor any other person connected with the management or conduct of the sales assumes any liability, legal or otherwise, except as set forth above.

These terms and conditions of sale recommended by the American Gelbvieh Association (AGA) as a guide for the use by its members and auction sales of breeding animals. These terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and be equally binding on both. The AGA assumes no liability, legal or otherwise, for the enforcement of these terms and conditions of sale or for the failure of either buyer or seller or their agents to perform their duties and obligations thereunder.
