Dear friends, customers - new and old,

I want to welcome you to our 19th Annual Going to Grass Production Sale. I also want to thank you for your interest and support of Circle S Ranch and our partners and guest consignors.

I think we can all agree that we are living in a great time in the beef industry, and the cowcalf producers are being rewarded for their hard work. BUT, we still have work to do. Sound breeding decisions are important now, more than ever. Investing in the best genetics to take your farm or ranch to the next level – the most profitable spot in the industry. Whether it is buying a bull or a set of bulls to maximize your current cow herd's pounds at weaning, keeping replacement females...OR, if you are investing in replacement females to build or rebuild a cow herd....BUY the BEST you can afford and from a program that you can trust!

We evaluate cattle by the eye as well as on paper. Focusing on sound, functional cattle is what we take great pride in and what we are very passionate about. Circle S Gelbvieh and Gelford cattle have consistently and positively influenced so many of our customers' herds. We love the stories we hear from our customers regarding extra pounds at weaning, bigger checks at the sale barn, easy-keeping females, etc. And, this is consistent with recent research. Within the past year, research has proved that Gelbvieh-sired females, when mated to any breed or combination of breeds, produce 22.7 more pounds of calf at weaning than any other British or Continental beef breed. That's something you can take to the bank!

Please take a look at this offering and reach out with any questions you may have. We hope you can join us sale day, whether it's online or in person.

Sincerely,

John Shearer and Family

Please bring your catalog with you to the sale!

- Purchases of \$7500 or more - first 500 miles are free
- Purchases of 5 head or more - first 500 miles are free

Catalog

Rural Route Creations, Jocelyn Washam...417-838-5546
www.ruralroutecreations.com

Guarantee

First Season Breeding Guarantee: Bulls that are purchased for **\$5000** or more that are injured within the first 30 days of the first breeding season will be guaranteed with a sale credit equivalent to the purchase price minus salvage value. The sale credit will be valid at the 2027 Going to Grass Sale. Contact Circle S promptly (within 5 days of the injury) so the mutual decision regarding the disposal (or return) of the bull may be made.

Herd Health

All cattle have been vaccinated and have been poured with Dectomax. Bulls have passed a breeding soundness exam. Necessary health papers will be available for each sale animal. All vaccinations and animal health products used by Circle S are Zoetis Animal Health Products.

Feeding Arrangements

We will keep your cattle purchased, free of charge, until April 15, 2026, or you will get a \$50 credit per lot purchased if you haul it yourself ON SALE DAY. After April 15, there will be a \$7/head per day feed/care charge. All purchases are final as of sale day and buyer assumes all risk.

Circle S Ranch Sight Unseen Warranty

If you cannot attend the sale and wish to purchase a bull or female please contact us. On sale day, we will assign a third party to call you and review the animal(s) before the sale. We will have someone on the phone to bid for you, or you may ask one of the Livestock Representatives to bid for you. Your bid will remain confidential and will be handled professionally. When we deliver the bull or heifer to you, if it is not what you think we described, we will refund 100% of your purchase price. The catalog and the online videos will assist you in making your purchasing decisions.

Here's a high percent Gelford bull that has all the potential to go several different ways. First, nice set of market calves, second adding some bone and back into some of the cows that might need a little added to their calf!

"Using Circle S genetics has definitely helped me reach closer to my goal of raising bulls with above normal power and performance! And females with great udders that perform well on marginal quality feeds that I've been forced to feed in the last few years of overwhelming drought."

A complete stud when it comes to power and growth! This is a 3/4 Gelbvieh and 1/4 Simmental that has flat put it on! This guy should sire some top end calves come weaning time! Tons of power and thickness in this guy!

I have been using Angus, Gelbvieh and Balancer bulls for years. But I have always liked the Hereford cross. Looking around, I found Circle S Gelbvieh - the Gelford. It's the best of both worlds. I really like the steer calves, and keep all the replacement heifers I can.

Quarter Circle Lazy J Ranch - Clifton, Utah

This bull is extremely special! If his sire would have been genomic tested when we sold him 6-8 years ago he would have been shown heavily! My brother in law and sister love this bull! Modern day look through his front 1/3 yet so sound, big boned yet still very powerful. Purebred breeders take note of this one!

Lot 73

ATTENTION JUNIORS: Purchase your 2026 show heifer at the 19th Annual Going to Grass Production Sale and receive a \$100 sale credit. Circle S will also award additional sale credits for the 2027 Going to Grass Production Sale if your purchased heifer is exhibited and awarded grand, reserve or division champion at the 2026 AGJA Gelbvieh Junior Classic, June 21-26, 2026 in Grand Island, NE.

Additional sale credits will be awarded to any junior that exhibits and is awarded grand champion at any of the AGA recognized Ring of Gold Point Shows in 2026. (Junior is required to forward photos and results of their efforts to circle_s@hometelco.net within 45 days of any qualifying event.)

High performing females here! Tons of power and performance in these girls. Dams all have great udders.

Really square set of females that have been stand outs! If you need to raise some stout bulls, here are your girls! Really complete set.

Here's a really stout good set of females. Clean made, long & square made. 83B is a darker red female out of a really good cow family!

A set of very high quality higher performing females! Lighter in color, but very good! The A and B females could find their way into any donor pen quickly.

Tons of cow power in these girls! Long made with plenty of power! All go back to really good cow families. The C female's dam is a great producing 11-year-old cow, and still going strong!

This is a very fancy set of females. They are extremely attractive and well put together! Very high end set of females that'll have an exciting future as mamma cows.

Moderate set of really good females! Easy doing, soft made girls who have a bright future in any operation! The D heifer could have been a show heifer!

This Sale will be broadcast live on the internet.

We are pleased to offer the 19th Annual Going to Grass Production Sale broadcast "live" over the Internet through DVAuction Services.

First Time Users:

- ✓ Visit the DVAuction website at www.dvauction.com
- ✓ Click on the Register Tab
- ✓ Complete Registration and Applying to Bid at the 17th Annual Circle S Ranch Going to Grass Production Sale

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

Note: You must have high speed internet access (DSL, T-1, or Broadband) to be able to bid during the sale.

Any Questions:

Contact Lori Brown 785-770-7469.

We recommend that you register by **March 31** for online bidding. Every attempt will be made to complete your application even if its on sale day.

are the mother breed of the beef industry!

All of these girls appear to be big time bull raising females! All are extremely powerfully built! Lots of shape and true power in each of these girls!

A few different types in this pen! 89A is older but made really well! B and C are square made with plenty of look! The C female goes back to Decade & is out of a really nice cow!

High quality throughout this pen! Bright futures for these girls! Any of them could end up in anyone's donor pen. Check them out sale day!

Really clean made set of females! 91A goes back to Decade's full sister. Square-made and will raise some fancy heifers.

Here's a set of heifers that will make a lot of friends sale day! Tons of power in these girls and they all have dams with really good udders.

Wow! A set of lighter colored heifers that all appear like they will be some bull raising machines! Top end quality throughout! All of their young dams are really good uddered and good looking cows.

Big time performance and length of body in a couple of these April females! They have a promising future in the sense of pounds at weaning! In today's world, these girls will flat make you money!

Different types and kinds in this pen, but all are very useful in their own right! Pick out your kind and put her to work in your operation. Can't go wrong with any of these girls!

A younger set of females who have a bright future. Moderate made group that are all deep made and appear to be pretty easy doing! Nice complete set!

If you want them really clean made, big boned and high performing, these are your girls! If you want to raise big feeder calves, look these girls up!

Another group from Shelly! Tons of quality in these girls! Keep the pen together and watch them make you a lot of money!

Set of high performing, long-made females! Lots of stretch and go in these girls! Should be a very good producing group of females.

Moderate framed, easy-doing set of females that are deep-made, big boned that should last a lot of years.

Don't discount these girls for being a little greener. They've only been here for three weeks. All are out of the great Halen bull! These females could be the sleepers of the sale!

A few different pedigrees and types in this one! However they are all long bodied with plenty of power and easy to look at! 105A's dam is a really good looking cow.

A set of lighter red females that are moderate-framed with tons of red meat in them! Very uniform set - keep these three together and start a really nice herd! Great udders on the dams.

A group of bigger framed females that have really nice growth to them! Lots of performance in the C heifer! They are all backed by really good feet and uddered cows! Should raise some really nice feeder cattle. The C female is out of a no miss female.

Younger more moderate set of long heifers that are clean made, powerful and easy to look at! Their dam's all have really nice udders.

The A and B heifer might be a little greener, but the quality is still very good! The C heifers dam is one of our top producing black cows.

Here is a set of very clean made females who are as long as trains! Tons of stretch and go in these females who will raise some really nice & big feeder calves.

Where to begin on these Gelfords?! Big time cow power, long made, easy to look at, with tons of power! Buy these girls and have your neighbors jealous!

Wow! This is another set your neighbors will be drooling over! Tons of mass and true cow power in these girls! Look them up!

Wow, what to say about these girls, except that you should buy every one of them and sit back and watch them get to making money! Moderate made, full of power and substance!

The only red open Gelford heifers in the sale this year! There are some differences but they are all very good! The 116A heifer is a flat out donor type female! Tons of mass and natural cow power in this Powerbuilt female! B and C are both really square made and will be around for years to come!

Really good growth on these Gelfords! Tons of quality here! The 117B heifer is a solid black higher percentage Gelford! Cow power written all over these girls!

Different types in this pen. The 118B heifer is moderate and packed full of meat. The A and C heifers are higher growth! 118A's dam is an upcoming great red cow with an awesome udder.

AGA Sale Terms & Conditions

TERMS: Terms of sale are cash unless satisfactory credit arrangements have been made with the seller previous to the sale of any animal so affected.

BIDDING: All animals sell to the highest bidder. Any disputes or challenges regarding bids shall be settled by the auctioneer and his decision shall be final. Mailed or telephoned bids may be forwarded to the auctioneer and will be handled with strictest confidence. Prior arrangements for telephone bids at sale time must be made with the auctioneer.

There are no warranties, expressed or implied, by either the auctioneer or seller, except as set forth herein, as to the merchantability or fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before hammer falls, is reserved for the seller.

ACCURACY OF PEDIGREE: The pedigree shown for each animal cataloged, offered and sold as a registered animal has been obtained from either the owner, breeder or the records at the American Gelbvieh Association.

Neither the auctioneer nor the seller warrants the accuracy of the information shown on the pedigree and shall not be responsible to the purchaser or his assigns for any damages in the event the information shown on the pedigree is later determined to be incorrect for any reason, including but not limited to, errors discovered through blood-type disease.

INSURANCE OF PURCHASES AND RISK: All animals are at the owner's risk and become the property of the purchaser when declared sold by the auctioneer. Arrangements have been made to have insurance available when making settlement.

ACCIDENTS: All precautions possible will be taken to protect the safety of buyers and others attending the sale. Nevertheless, no responsibility will be assumed by the auctioneer or the host farm in the event of accidents or loss or damage of property.

HEALTH TESTS: All animals have been tested and found negative for brucellosis and tuberculosis. The sale veterinarian will assist buyers on health status for specific states and testing for anaplasmosis and blue tongue if this is required for export to Canada.

BREEDING GUARANTEES AND DEFINITIONS

FEMALES: Females are guaranteed to be breeders with the exception of female calves sold at side of dam, injury or disease occurring to the animal after time of sale, gross negligence or willful misconduct on the part of the purchaser, females used in ovum transplant after time of sale, females shown competitively after time of sale and cows sold with calf at side.

Cow represented as being "safe-in-calf" will have been examined and declared safe by a licensed veterinarian within two weeks of sale and will be accompanied by a veterinarian certificate to this effect. They are considered breeders without further guarantee. Females with a "due to calve" date in the remarks column are considered safe-in-calf. A bred female is a female known to have served by a bull either by natural breeding or artificial insemination, but it does not necessarily mean that this female is safe in calf to that bull. An open heifer is a virgin heifer that has never been exposed to a bull either through natural service or artificial insemination. An open cow is a cow that has not been exposed to a bull either through natural service or artificial insemination since the birth of her last calf. Calves sold off their dams (split pairs) shall carry the full breeding guarantee.

MALES: Bulls are guaranteed to be breeders (defined as the ability to settle healthy cows by the time they are 18 months of age) with the exception of bull calves sold at the side of dam, injury or disease occurring to the animal after time of sale and gross negligence or willful misconduct on the part of purchaser. Any guarantees with respect to the ability to freeze semen shall be made by separate agreement between buyer and seller.

ADJUSTMENTS: The following adjustments do not preclude the right of the buyer and seller to mutually agree upon other terms and conditions for settlement of any dispute.

All claims for adjustment or refund must be made in writing either within six (6) months from the date of the sale or no longer than six (6) months

after the animal reaches eighteen (18) months of age, whichever occurs first, with the exception of claims involving misrepresentation or service sire or as otherwise provided herein. If a female is sold as "safe-in-calf" to a given sire or sires on a specified date or dates and proves not to be as represented, the buyer is entitled to a refund of the purchase price from the seller up return of the animal to the farm of the seller at the seller's expense. In the event an animal is claimed to be a non breeder, the animal may be returned to the farm of the seller, at the buyer's expense, if in good physical condition and the return is in compliance with the health requirements of the state where purchased. The seller shall be entitled to a six (6) month trial period in which to prove the animal is a breeder, following the return of the animal. If, at the end of six (6) months, the seller is unable to prove the animal a breeder, the seller shall, at his option, replace the animal with another of equal value or refund the purchase price. Either option shall be at the purchaser's risk. No guarantee is given concerning a pregnant females gestation period of foreign bodies after the animal has been sold, nor for sickness not apparent at sale time.

If a female is sold as "open" and proves to be with calf at time of sale, and examined pregnant with sixty (60) days after sale, the buyer may return the animal to the farm of the seller prior to calving, for a full refund of the full purchase price for another mutually acceptable adjustment. It shall be the obligation of the seller to bear any expense incurred for transportation of the animal in question to the farm of the seller.

Any adjustment provided herein, if selected, shall absolve the seller from further liability.

HORNED - POLLED - SCURRED - DEFINITIONS AND GUARANTEES

HORNED: An animal with a horn growth affixed to the skull that has or has not been removed.

POLLED/SCURRED: An animal with rudimentary horn growth that will not develop into a horn. The rudimentary horn growth may or may not become affixed to the skull at an older age.

POLLED: An animal with absence of horn growth (An animal can have scurs and develop scurs polled).

SMOOTH -POLLED: A smooth-polled individual has no scurs and does not develop scurs later in life.

AGA REGISTRATION AND TRANSFERS: Each animal with is cataloged, offered and sold as a registered animal has a certificate of registry available at time of sale. When animal is sold as "eligible for registry" or "registry applied for," the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser including full payment of transfer fees.

PURCHASER'S RISK: Each animal becomes the property of, and thereof is also the risk of, the purchaser as soon as it is sold, except it shall be the obligation of the seller to see that the animals are fed and cared for free of charge to the buyer until loaded for shipment or until expiration of forty-eight (48) hours after the sale, whichever occurs first.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the auction block, such announcements shall take precedence over information contained herein. The sale will be tape recorded for future reference.

RIGHTS AND OBLIGATIONS: The above terms and conditions of sale constitute a contract between the buyer and seller of each animal and shall be equally binding transaction and the rights and obligations of the parties connected there to are not covered by the above terms and conditions of this sale. Neither the host farm, auctioneers nor any other person connected with the management or conduct of the sales assumes any liability, legal or otherwise, except as set forth above.

These terms and conditions of sale recommended by the American Gelbvieh Association (AGA) as a guide for the use by its members and auction sales of breeding animals. These terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and be equally binding on both. The AGA assumes no liability, legal or otherwise, for the enforcement of these terms and conditions of sale or for the failure of either buyer or seller or their agents to perform their duties and obligations thereunder.
